AWFUL DEATH ROLL

One Hundred and Fifty Thousand People Starve to Death.

THE STATE OF AFFAIRS IN CUBA

Most of the Dead Remain Unburied, the Bodies Being Thrown Out in the Open Country — Spain's Concessions to the United States — Blanco Caring For the Spanish Soldiers — Other Cuban News.

NEW YORK, Nov. 12.—The Sun correspondent in Cuba writes his paper under date of Nov. 6 that up to that time 150,000 persons had died of hunger in Cuba. This statement is based on reports received from all over the island, and he claims that it is in no way exaggerated.

He gives quotations from the press describing the pitiable condition all over the island. They tell of large families decimated by famine and of people taking their own lives while suffering from the pangs of hunger. People drop in the streets and roads and perish miserably. Children have been the greatest sufferers.

In the town of Santo Domingo, Santa Clara province, an average of 50 persons are dying every day. The town originally had only a population of 4,500. Most of the dead there remain unburied, the bodies being thrown out in the open country.

The change from Weyler to Blanco has as yet brought no relief, and it probably will bring none, as General Blanco, however praiseworthy his intentions, has no means of remedying the desperate condition of things that Weyler left on the island.

SPAIN'S CONCESSIONS.

All the Wishes of the United States Government Complied With.

LONDON, Nov. 12.—A dispatch from Madrid says Premier Sagasta has authorized General Blanco to grant amnesty to the Competitor prisoners. This may be done before or after their trial, at Blanco's discretion.

This adds to the striking summary of Spain's concessions to the United States. She has recalled Weyler. She has revoked the concentration order. She has repeatedly pardoned political prisoners at the behest of the Washington government. She has substantially conceded to the United States the right to interfere in her colonies, and admitted the validity of the Monroe doctrine. Finally she has consented to free the Competitor filibusters, who, in the eyes of international law, are pirates, and only entitled to short shift at the end of a rope.

All this, it is thought, will make war between the United States and Spain impossible, unless Spain radically changes her position or the United States offers some affront that even the conciliatory Spaniards can not stand.

CARING FOR THE SOLDIERS.

General Blanco Abrogates Another One of General Weyler's Orders.

HAVANA, Nov. 12.—Marshal Blanco has abrogated the order of his predecessor as to the destruction of the fields and huts of the insurgents. He has also cancelled the prohibitions by which the Spanish soldiery have been prevented from camping in towns. The new orders direct that the soldiers shall be provided with blankets and water proof coats, and that when in camp they shall always be sheltered as far as possible from the rains and dew.

No fewer than 33,000 sick soldiers are now in the hospitals of the island. Yesterday the mail steamer *Isla de Panay*, which left Havana for Spain, carried 68 officers and 500 sick soldiers.

BLANCO UNSATISFACTORY.

Some of His Subordinate Officers Can Not Agree With Him.

KEY WEST, Fla., Nov. 12.—Word reaches here from Havana that General Blanco's subordinates are already manifesting their discontent. General Basan sailed yesterday for Spain because he does not agree with the plans of the new captain general.

The Cubans are very active in Santa Clara, Havana and Pinar del Rio. At Jaruco, Havana, a Spanish military train has been blown up with dynamite by the patriots, killing and wounding many Spanish soldiers. The wounded were brought to the capital.

Spanish Soldiers Mutiny.

NEW YORK, Nov. 12.—A dispatch to The Herald from Havana says: Correspondence just received from The Herald's correspondent in Puerto Principe states that open mutiny of Spanish soldiers occurred there recently. The mutiny developed into a conflict in the streets between the commanding officers and the troops. The soldiers mutinied because rations were insufficient and they could get no pay.

Spain Buying Warships.

LONDON, Nov. 12.—Negotiations are in progress between Spain and Brazil for the purchase of warships built a year ago, during the war scare in the then Argentine Republic and Brazil. Two warships in English yards and four in yards on the continent were built for Brazil. The emergency having passed, Brazil wants to sell them.

Shot Her Brother's Slayer.

MIDDLESBORO, Ky., Nov. 12.—A special to The Herald from Hyden states that in a row over politics John Sebe shot and killed Henry Davis, and Sebe was shot and mortally wounded by Mollie Davis, a brother of Henry.

WILL THIS GO ON FOREVER?
The Murderer of Blanche Lamont and Minnie Williams Gets Another Respite.

SAN FRANCISCO, Nov. 12.—William Henry Theodore Durant will not be hanged at San Quentin today after all, the supreme court of this state having granted him another respite at the eleventh hour. Up to 4 o'clock yesterday afternoon, when the news flashed over the wires from Sacramento that the court, now in session there, had granted a writ of probable cause, and instructed Warden Hale not to carry out the execution of Durant until further orders, there was apparently no further hope for the condemned murderer of Blanche Lamont and Minnie Williams, as his attorneys Messrs. Dickinson and Boardman, had made a futile effort to secure another writ of habeas corpus in the United States court, and had not even been granted permission to appeal from that decision to the supreme court of the United States.

Meanwhile, however, Attorney Dwyer hastened to Sacramento and applied to the state supreme court for a writ of probable cause, for the purpose of staying the proceedings against his client upon the grounds that no official knowledge of the action of the supreme court of the United States in the matter of Durant's appealing from the decision of the federal court had yet been received; that the superior court had acted too hastily in sentencing Durant to be hanged, as the law required that he be given at least 60 days' grace, and thirdly, that the pendency of an appeal in the supreme court affecting the condemned was of itself sufficient cause for a stay of execution. The matter was partially argued in chambers and later argued before the full court and taken under advisement. Shortly afterward the court announced its decision, granting the writ applied for, in which all the justices concurred.

PULLMAN'S SUCCESSOR.

Robert T. Lincoln Practically Assumes That Place With Palace Car Company.

CHICAGO, Nov. 12.—A meeting of the directors of the Pullman Palace Car company was held yesterday. Robert T. Lincoln was elected a director. The most important action taken was the appointment of an executive committee consisting of H. E. Hubert of New York, and Marshall Field and Robert T. Lincoln of Chicago, which will have charge of the general affairs of the company. Robert T. Lincoln was elected chairman of this committee.

The election of a president to fill the vacancy caused by the death of George M. Pullman was postponed. Yesterday's action, however, practically makes Mr. Lincoln president of the Pullman company.

AMERICAN CAPITAL IN VENEZUELA.

A Cincinnati Distiller Gets a Concession From the Government.

LOUISVILLE, Nov. 12.—Colonel Frederick Kinsinger, a Cincinnati distiller, who went to Venezuela for the purpose of establishing a branch distillery of the American Spirits company there, was here yesterday on his way home.

He said: "The government has made every concession. We are free from tax, and all our goods and machinery will be brought into the country without duty. We expect to build a distillery at Caracas, and hope to make it a 3,000-bushel house."

"The people of Venezuela are tremendous drinkers. In fact, they drink more than any other nation on earth."

Boxing Contest in London.

LONDON, Nov. 12.—Fred Morris, known as "Muldoon's Cyclone," and Starlight, the Australian colored boxer, met last night for a 20-round contest at Excelsior hall for the middleweight championship. They fought 10 rounds and Morris was declared the winner. Both men did plenty of good punching but there was also a lot of hugging. It is now understood that Morris will challenge Dick O'Brien of Boston to fight a limited number of rounds before the club offering the largest purse.

Hanging in Virginia.

DANVILLE, Va., Nov. 12.—Edward Hankins, white, 52 years old, was hanged in Chatham at 2:25 p. m. yesterday for the murder of Dr. John Roy Cabel, a prominent citizen of Danville. Hankins killed Cabel on the latter's farm, 25 miles from here, Aug. 26 last. He was convicted Sept. 22 and sentenced to hang. The condemned man went to the gallows with a firm step, but uttered not a word. Hankins' neck was broken.

Strike Settled.

PHILADELPHIA, Nov. 12.—The 250 weavers employed by F. A. Bachmann & Company, who struck about three weeks ago for higher wages, returned to work yesterday, the firm having granted them an advance of from 5 to 8 per cent. The strike of the weavers threw nearly 1,000 persons out of employment, as the mill could not start up until the weavers returned.

Salesman Suicides.

LAGRANGE, Ind., Nov. 12.—W. F. Williamson of Angola, salesman for a Grand Rapids bicycle firm, was found dead in bed in the Hotel Ruick yesterday morning, he having shot himself during the night, the bullet entering the brain. The shot was not heard by other guests. The cause is unknown. Williamson was 30 years old and a man of family.

Rich Farmer Kills Himself Accidentally.

RICHMOND, Ind., Nov. 12.—Charles Pierson, a well-to-do farmer, died last night from the effects of a gunshot wound which he received by the premature discharge of his gun.

WHITE CAP OUTRAGE

Two Girls Dragged From Bed and Brutally Beaten.

THEN TARRED AND FEATHERED.

No Clew Can Be Found to the Perpetrators of the Diabolical Crime Storm Raging Over Lake Erie and One Steamer Known to Be Wrecked — Various Other Ohio State News.

HOLGATE, O., Nov. 12.—Word has just reached this city from Oakwood, O., a hamlet 25 miles south, of an outrage perpetrated Wednesday night by White Caps upon two girls, Edith and May Roberts, aged 19 and 17 years. Ten days ago the young ladies received a White Cap notice warning them to leave the town and county, but they paid no attention to the notice.

Wednesday evening they retired early and during the night they were awakened by a band of eight or 10 men entering their rooms and dragging them from their beds in their nightrobes to the nearby road, where they were terribly whipped by a cat-o'-nine-tails, which was found in the road yesterday morning. After beating the two girls the White Caps gave them a coat of tar and feathers and took them back to the house, where they were found unconscious yesterday morning by people passing by.

May, the youngest of the two girls, is in a critical condition, her flesh being cut to the bone by the whip.

A card containing 10 names was found tacked to the front door, but none of the names are known about that place.

Bloodhounds were placed upon the trail of the White Caps, but owing to heavy rains and the trampling of hundreds of people about the scene the animals were unable to follow the scent, and no other clew can be found.

STORM ON LAKE ERIE.

One of Mark Hanna's Steamers Sunk at Ashtabula.

CLEVELAND, Nov. 12.—A severe gale, which has been blowing for the last 24 hours, has suspended navigation on Lake Erie. The wind has reached a maximum velocity of 67 miles an hour. The warning of the coming storm was heeded by vessel men. Only two or three minor mishaps to shipping occurred here.

Word comes from Ashtabula of a wreck there. While leaving port yesterday in the heavy northwest gale, the steel steamer Roman, of the Hanna fleet, was caught in a heavy sea and dashed against the bottom of the lake, literally breaking the strong ship in two. It was only by a miracle that tugs were able to get the Roman back into the harbor before she foundered. No difficulty was experienced in rescuing the crew.

Early Romance Renewed.

RAVENNA, O., Nov. 12.—Cornelius Tuttle, a prominent resident of Donaldson, Ind., aged 70, and Mrs. Rebecca Bosworth, aged 68, well known Ravenna lady, have been quietly married in this city. The groom courted his present wife when she was a young girl. They drifted apart and both married. The interest of their early youth never died, however, and when their life's companions died, they renewed their acquaintance and decided to get married.

Foul Play Feared.

AKRON, O., Nov. 12.—The friends and relatives of Alfred Clark, cashier of the Meeks Pottery company, are greatly alarmed over his disappearance. He drew his month's wages Wednesday and left home to call on a young lady. Since that time nothing has been heard of him, although the most diligent efforts have been made to locate him. As he had considerable money with him foul play is feared.

Fought Twenty Rounds to a Draw.

ZANESVILLE, O., Nov. 12.—Johnnie Vanheest of Cincinnati and Jack O'Keefe of Denver, featherweights, fought a 20-round draw before the Zanesville Athletic club, ending at 1 o'clock this morning. At the close of the fight O'Keefe claimed to have broken his forearm in the early part of the fifth round, but on examination it was found to have been severely sprained.

Insane From Sorrow.

BATAVIA, O., Nov. 12.—Mrs. Oliver Simmons has been adjudged insane. About two years ago her husband, Walter Simmons, a traveling man, committed suicide in Jacksonville, Fla., with no apparent cause. Mrs. Simmons was left with two small children, and brooded over her husband's death, with other trouble, until her mind became unbalanced.

Plenty Happened to Him.

GALLIPOLIS, O., Nov. 12.—Bert Limley of Malabat had a bottle of powder explode in his pocket while out hunting yesterday. The shock dazed him and before he became rational his clothes were burned from his back and his body seriously roared. Writhing with pain he was found and his recovery is doubtful.

PAINESVILLE, O., Nov. 12.—James A. Allen, one of the most prominent business men of this city, committed suicide yesterday evening by shooting himself through the head. He was 52 years old. Despondency, caused by the death of his wife, led him to kill himself.

ILLINOIS MINERS' TROUBLES.

The Diggers Willing to Arbitrate With the Operators on the Wage Scale.

SREATOR, Ills., Nov. 12.—After remaining several hours in secret session yesterday the miners' convention adjourned after deciding in favor of arbitration with the mine operators of northern Illinois for the purpose of fixing a uniform scale and working rules. The miners hope to do away with the screen system and substitute the gross weight or mine run scale as adopted at the Springfield convention and provided for by a state law passed by the last legislature.

The convention also decided to call out the men who have returned to work for 77 1/2 cents a ton at Braceville, Dearborn Hill and Diamond. Mass meetings will be called throughout the Wilmington-Braidwood district. Telegrams have been sent in all directions, calling for a gathering of labor leaders and orators at Braidwood.

GOING TO CHINA.

Charles Page Bryan Appointed to Succeed Minister Denby.

WASHINGTON, Nov. 12.—The president has appointed Charles Page Bryan of Illinois to be envoy extraordinary and minister plenipotentiary of the United States to China.

Mr. Bryan is a resident of Elmhurst, in Representative Hopkins' district. He is about 42 years old and somewhat active in politics. He has been a member of the legislature for three terms and was a candidate for speaker. He was educated in Europe and is a fluent linguist.

Minister Denby, who is succeeded by this appointment, has held the position since the beginning of President Cleveland's first term. President Harrison appointed ex-Senator Blair of New Hampshire to succeed him, but he was objectionable to the Chinese government and Mr. Denby was undisturbed.

Bank Robbed.

BUFFALO, Nov. 12.—A special to The News from Silver Creek, N. Y., a town 30 miles west of here, says that three men yesterday morning blew open the safe in Heines' bank, securing \$1,000 in money and \$400 in jewelry. They afterward attempted to rob the safe in a neighboring mill, but were frightened away. The watchman was beaten badly.

An Injured Fireman Sues a Railroad.

INDICATIONS—Fair weather, high northwesterly winds decreasing in force.

THE Fleming Gazette says Mr. Dearing "takes his defeat good naturally." Well, it's all up with Willie now, politically, and he no doubt realizes it.

THE "ole black man" laid down on his best friend in Madison last Tuesday to the tune of about 400. Just let these fellows stay where they are. No true Republican will countenance any of them. From this date let their Democratic friends (?) pilot them and advise them, for Republicans are through with them.—Richmond Pantograph.

Well, there won't be very much left of the Republican party in Kentucky and in a great many other States when the colored voter is driven from the ranks. In fact the Republicans can carry very few States without the aid of their colored brethren. According to the Pantograph and the Public Ledger, however, the Republicans are done with the negroes.

"WEEPING AND WAILING"

And Gnashing of Teeth in Republican Circles at Covington, Over a Late Opponent.

[Enquirer.]

There was weeping, wailing and gnashing of teeth in Republican circles at Covington Wednesday night when it was officially announced that O. A. Reynolds had been designated as Postmaster for that city, and the word was passed around that the silk-stocking element had again been given the usufruct of victory after the bread and butter brigade had done the work.

The friends of ex-Mayor "Pap" Thomas, the man who has frequently led the party to victory when defeat seemed imminent, were loud in expressions of opinion that he had been treacherously led up to the feast already spread and in waiting, and then basely deserted by those who should have remained loyal and steadfast.

The friends of Ed. Bryson resorted to different tactics, by congratulating him and insisting that he was fortunate in being cast aside, for if he had gained the plum he would have been compelled to officiate as a figure-head or automaton, and that he would have to submit to being surrounded by men in office whose presence would be objectionable.

Said one adherent of Bryson: "When the National campaign began Bryson was patted on the back, cajoled and humored, saying that if he would give his influence and time toward making affairs lively in this vicinity he would only have to ask and he would be given any reward forthcoming. Bryson worked faithfully and diligently, organized clubs, procured speakers, disseminated sound money literature by the ton, and what did he get?

"When success was assured Mr. Comingore, holding a position valued at \$4,000 a year at Frankfort, was brought back and tendered the Collectorship, though he did not turn a hand in the campaign. Mr. Reynolds was given the next best place, and no one can be found willing to assert that he knew that there was a National campaign until it was over."

The friends of Colonel Ed. Walker, and he has them by thousands, composed mainly of the laboring men, bone and sinew of the party, were amazed, as but few were acquainted or had heard of Mr. Reynolds, and did not know whether he was a Democrat or Republican.

It is generally accepted as a fact that neither Mr. Comingore nor Mr. Reynolds will name his deputy officials, but must accept whoever is selected by the powers behind the party throne.

Suicided by Inhaling Gas.

PHILADELPHIA, Nov. 12.—A man apparently of position and refinement whose identity has not been clearly established, committed suicide late yesterday afternoon at Greene's hotel, Eighth and Chestnut streets, by inhaling illuminating gas. He was about 35 years old and a Frenchman. He came to the hotel on last Tuesday and signed the register as "William Rossean, tourist."

On the bureau was found a sealed letter bearing the following, written in English:

"In case any accident happens to me will the finder of this be kind enough to send it to the French consul of which town I shall stay at that time." Then came the words "To M. Le French consul."

ANOTHER CAMPAIGN

It is Now in Progress at the Y.
M. C. A.

The Fall and Winter Work of the Local Association—Educational Classes Organizing.

The election is over, but the good work of our local Young Men's Christian Association, for the promotion of the social, physical, intellectual, moral and religious welfare of our young men, is just beginning in earnest, and pleasure is taken in presenting to our readers a brief outline of the many excellent advantages which have been provided by directors and committees for the benefit and pleasure of members and other young men of the city.

In addition to the various lines of work in the various departments, which were so successfully maintained last year and will be continued during this second season, several new and valuable features are to be added, and no pains will be spared by the management in its efforts to make the local association attractive and helpful to all who visit the rooms and make use of the privileges:

Physical Department.—Portions of the gymnasium hall ceiling, from which the plaster had fallen, are now neatly sealed over, the gymnasium apparatus and bathing appliances have been thoroughly overhauled, a new punching bag provided, and everything in this department is now in first-class shape. The gymnasium is not intended as a romping place as some are disposed to treat it, but rather is established to give men—young and old, engaged in the busy vocations of life, or who spend much of their time in the school room—an opportunity for a rational, health-giving and systematic course of physical exercise under proper and intelligent instruction. The Robert's platform, which requires that "all exercises shall be safe, short, easy, beneficial and pleasing," will be adhered to in the local gymnasium work. Experience clearly proves that heavy and fancy gymnastic generally result in more harm than good and such will therefore be discouraged. Regular classes have been arranged to accommodate the members as far as possible, and will be conducted as follows: For business men, Tuesday and Friday afternoons at 4 o'clock; general class for young men, Tuesday and Friday evenings at 7; for juniors (boys), Wednesday at 4 p. m., Saturdays at 2 p. m.

Naturally the recreative element will form a prominent part of all class exercises and as a special feature the popular game of basket ball will be introduced oftentimes at the close of regular drills, and, if desired, match games may be arranged on Monday evenings. It is necessary to restrict the attendance at the gymnasium during regular class hours to those who participate in the drills; but when sufficient progress has been made by class members an occasional public session will be announced to which interested visitors will be invited. By the above arrangement of classes, &c., ample time and opportunity for individual exercise is afforded the members every day and on three full evenings. Two of our local physicians have again kindly volunteered their assistance which will make it possible for any member to enjoy the decided advantages of a medical examination free of charge. No one privilege of the association is better appreciated and more generally used than the bathing facilities, consisting of one porcelain tub and two fine showers. The baths will be open every week day from 10 a. m. to 9:30 p. m.

Social Department.—The social life of the association will be promoted in every legitimate way. A cheerful reception room, supplied with many excellent games, and a cozy parlor, with piano, are always at the disposal of members and invited guests who wish to spend a pleasant hour or more in the enjoyment of games, music and social conversation. With the kind assistance of the Women's Committee, whose faithful work last season in this and other lines proved so indispensable—occasional social gatherings and musicales will be arranged for members and friends; and that these events will prove enjoyable, and well worth attending is guaranteed by the co-operation of the ladies and the great success which has characterized every reception given this year.

Intellectual Department.—The spacious reading room with its excellent assortment of literature suited to the tastes of all patrons, will continue to be one of the most attractive features of the local organization. Nearly fifty standard publications are now provided, the various papers being arranged on exceptionally neat files and racks and the magazines on a large oak center-table.

The correspondence desk is also in the reading room, the privileges of which are always gladly extended to young men, whether members or not. About forty books form the nucleus of a library which it is hoped will be greatly enlarged sometime during the winter by means of a "book reception." Either cash donations or good books for the library will be gratefully received. The Educational Committee have made arrangements for evening classes and competent instruction in the following practical branches:

Penmanship—Teacher, Prof. H. E. Gabby.
Bookkeeping—Prof. W. T. Berry.
Vocal Music—Dr. P. G. Smoot.
Stenography—Miss Bessie Johnson.

Full information regarding these classes will be cheerfully given at the office, and all those who desire the advantages of one or more of the above courses of study are requested to make application at once so that the work may begin not later than December first. A small fee will be charged to half cover necessary expenses.

Several members have expressed a desire for the formation of a society which would afford opportunities for debate and parliamentary practice, for the investigation of public questions and for instruction as to laws and methods by which we are governed. Accordingly the Young Men's Congress, which combines many new and desirable features together with the advantages of the ordinary literary society has been suggested; and if the interest is sufficient to warrant such a move, steps will be taken to organize a local Congress in December. Informal talks on practical themes by local professional and business men will be given occasionally.

Religious Department.—The object of the Y. M. C. A. is to save and develop young men, and recognizing the fact that man is a compound being, made up of physical and spiritual elements, and that in the

AN UPHOLSTERY HINT.—Autumn selling of Lace Curtains has been especially brisk. Price clipped, though the goods are fresh and perfect. Nottingham Curtains \$1.25 instead of \$2 a pair and \$1.75 instead of \$2.50. Renaissance Curtains \$2.75 instead of \$3.75 and \$3.75 instead of \$5.00.

We regretted the gingham had to be limited, but when first comes want 25 and 30 yards we were forced to call a halt, so that no one would be disappointed. We thought we had provided for every gingham need of Maysville with 2,000 yards, but our thronged counters soon convinced us our reckoning was short. Hence the five yard limit.

BIG SUITS FILED.

The Attorney General After Two Express Companies For Heavy Penalties.

FRANKFORT, Ky., Nov. 11.—Attorney General Taylor this morning filed two suits in the Franklin Fiscal Court against the American Express Company. The first is for franchise tax of \$251 and \$50 per day for 460 days, since August 6, 1896, for failure to report, or the aggregate of \$23,000.

The other suit is for \$61,250, and is for failure to report since June 26, 1894.

The Attorney-General files another suit against the United States Express Company for \$850 and for a penalty of \$6,000 for failure to report at \$50 per day for 1,320 days.

The suits plead that both companies are guilty of misdemeanor for such failure, and have violated the statute providing for the regulation of such corporations.

We

Knew We
Had a Good Thing

In the stock of fine Clothing we recently bought by electric light. There is so much clap-trap Clothing advertising in vogue at present that we refrained from saying too much about this purchase. We simply called your attention to it and said look in our window display, see the goods and note the CASH price on them. We knew we would sell some of them; the continued warm weather left a doubt as to selling a great many now. The doubt is dispelled. Since the day we opened this purchase and made our window display our store has been crowded with customers anxious to secure these unheard-of bargains.

We advise our friends who contemplate buying a Fall or Winter Suit and Overcoat not to let this opportunity slip. It is only one in a long time where circumstances arise that enable merchants to secure

The Bankrupt Sale

OF CLOTHING, BOOTS, SHOES, HATS, CAPS, AND GENT'S FURNISHING GOODS

Bought from Messrs. C. Burgess Pearce and John Duley, assignees of the late Mr. Greenstein, is just now the sole topic of bargain-seekers. Whilst other Clothing houses are scarcely doing any business, the bankrupt sale store is actually thronged with customers from morning until night. The stock is sold at Mr. Greenstein's old stand, Market street, near Second. If you want to buy good, desirable goods at about 60c. on the dollar on original cost, we advise you to go there. The sale is in charge of Mr. Bird Hechingher. Mr. John B. Daly, the well-known clothing salesman, is also officiating, waiting on the trade. Special inducements to cash-buying merchants.

Remarkable Case.

Judge Markley, of Georgetown, O., who was shot a week or so ago by a negro, has so far recovered from his injuries as to give his physicians no further anxiety. His case has been a remarkable one throughout, says the News- Democrat. He never had the slightest fever, nor even surgeon's fever, his pulse has been regular, and his mind unimpaired from the morning after the shooting. The wound healed by first intention and will leave but a slight scar.

Poor Soul! Poor Devil!

Our enemies (when we are old)—and who is without them?—no longer annoy us. Indeed, they have ceased reviling. To them we are as dead men, “out of mind.” To whom the proverb de mortis applies. And our friends are twice our friends. No one who is not “laid by” can understand the depths of human sympathy. Even our acquaintances become our friends, and the least soft hearted of visitors murmur to himself, “Poor soul!” or perhaps (with equal commiseration), “Poor devil!” What is most curious is the interest, if we have in any way become known to the public at large, complete strangers take in our physical and mental condition.

If prescriptions could cure us, we should be in rude health indeed. The materials are sometimes a little difficult to procure. I have seen a letter from New Zealand recommending an old gentleman suffering from rheumatic gout to bathe in whales. In that island whales, it seems, are occasionally thrown up on the seashore, when rheumatic patients hasten to lie in them during the progress of their evisceration for purposes of commerce. The extreme rarity of whales upon the Thames embankment seems to have been unknown to the writer. Some correspondents give most excellent sanitary advice, but too late for its practical application. An aged poet who had lost the use of his limbs was exhorted by an admirer to dig, “even if it were but in his back garden,” for an hour or two every morning before breakfast. All that was wanted, he was assured, for complete recovery was “profuse perspiration followed by a healthy glow.”—James Payn in Nineteenth Century.

His Own Recommendation.

When J. W. Sherwood, now general superintendent of the Clover Leaf, was superintendent of the Big Four, he had to discharge a brakeman for violation of the rules. The man hung about the office asking for a letter of recommendation. To get rid of him Mr. Sherwood told W. A. Sullivan, who was his chief clerk, to write the letter. This Mr. Sullivan did. The man went out and returned in half an hour.

“What’s the matter now?” asked Mr. Sherwood.

“That letter you gave me is all right, isn’t it?”

“Of course it is. That ought to get you a job anywhere.”

“Well, I wish you would read this letter of recommendation I’ve got, Mr. Sherwood, and give me a job.”

Sherwood took the letter on which his own name was hardly dry, read it carefully and remarked:

“I am well acquainted with Sherwood, and any one he recommends must be all right. You report to the trainmaster and tell him to put you to work.”—St. Louis Globe-Democrat.

Coming Fiction Heroes Will Be Patriots.

“Patriotism of the right sort will be the master passion of the coming hero,” writes Doro of “Heroes In Fiction” in The Ladies’ Home Journal. “It furnishes an endless scope for the highest kind of courage combined with that mastery of men that is leadership. And yet how seldom does it creep into current fiction, except in the spurious garb of rhetorical bluster or the melodramatic account of physical heroism in battle! There have been many attempts in American stories to depict the perversion of patriotism that shows itself in ring politics and corruption, but the plain citizen, doing his duty simply and at a sacrifice, is hardly alluded to. And yet the country is filled with him, as has been shown in every supreme test of its temper on a moral issue. As Lincoln often said, you can always count on the ‘plain people.’ Perhaps if more ideals of citizenship were depicted in popular fiction there would be more of the real thing in actual life.”

Friends No Longer.

He was an estimable young man in every way, and she was more than estimable—in his opinion—so, with the idea of wheeling his way into her heart, he saved and hoarded his shekels and purchased a fine tandem, according to the Philadelphia Record. But “the best laid plans of mice and men gang aft agley.”

They had ridden some 15 miles, and after slowly and laboriously pedaling to the top of a long hill he, after mopping his dripping brow, gasped out convulsively, “M-M-May, you c-o-can p-p-put your feet on the c-c-coasters now.” “Why,” said his companion, “I’ve had them on ever since we started.” He said nothing, but set his teeth grimly, and she has wondered since why he has not called on Sunday evenings.

Two Influences.

Young Man—That was an excellent paper your daughter read on the “Influence of Science as Applied to Practical Government.”

Weary Father—Yes; Julia is the pride of her class, and now that she has mastered the “Influence of Science as Applied to Practical Government” I hope that she will be able to find out something concerning the “Influence of the Broom as Applied to the Kitchen Floor.”—London Fun.

Five is the great sacred Chinese number. There are five virtues, five colors (yellow, white, green, red and black), five household gods, five planets (Saturn, Venus, Jupiter, Mars, Mercury), five ranks of nobility, five tastes, five cardinal points (the middle, east, west, south and north respectively) and five

PASSENGER TRAIN WRECKED.

Fire Breaks Out and the Entire Train Is Destroyed.

LOUISVILLE, Nov. 12.—The passenger train on the Louisville, Henderson and St. Louis road, which left St. Louis Wednesday evening and which was due in this city at 7:30 o’clock yesterday morning, was derailed and entirely consumed by fire at 4 o’clock yesterday morning near Lewisport, Ky., 98 miles from Louisville. No lives were lost, and no one was seriously injured.

The accident is attributed to a freak of the high wind, which overturned a boxcar standing on the Lewisport siding. The car fell directly across the main track and near a sharp curve on the road. It was not seen by the engineer of the passenger train until it was too late to stop the engine, and the train crashed into the obstruction, overturning the engine and tender and the combination car.

The stove in the combination car set fire to the paper and other inflammable matter around it, and before the trainmen could remove the cars the other coaches also caught a sleeper and a day coach being totally destroyed in addition to the combination car, in which was the smoker and baggage.

The passengers had plenty of time to escape, and aside from a few bruises no one was injured. The loss will be late for its practical application.

An aged poet who had lost the use of his limbs was exhorted by an admirer to dig, “even if it were but in his back garden,” for an hour or two every morning before breakfast. All that was wanted, he was assured, for complete recovery was “profuse perspiration followed by a healthy glow.”—James Payn in Nineteenth Century.

STOPPING CHILD LABOR.

An Indiana Truant Officer Contemplates Making Six Hundred Arrests.

MUNCIE, Ind., Nov. 12.—Truant Officer Stephen Streeter, who has been waiting necessary papers before he started out on the hunt for children who are not in school in violation of the new compulsory education law has received his documents and salied forth in search of the alleged truants. He has papers for 300 alone in this city, and for about an equal number in the rest of the county.

This is a specially interesting procedure, because of the fact that a number of children are employed at the large glass factories in alleged violation of the child-labor law.

State Factory Inspector D. H. Mcabee was in the city this week investigating the workings of the law among the local glass factories, and reported that he was not able to find a single violation.

Strand Magazine.

Chippendale.

Chippendale not only made chairs, but almost everything in the furniture line, except the one article with which his name is most frequently associated today. We refer to sideboards. It is doubtful if he ever made a sideboard. In his book there is no reference to sideboards, though there are several large tables which he calls “sideboard tables.” Though the word sideboard was used long before his day, it is probable that the early English sideboards were merely tables.

First Chorus Girl—I do feel so queer in these short skirts!

Second Chorus Girl—I know. We all feel that way at the start, but you will get used to it.

First Chorus Girl—Maybe I will. You know, it is the first time I ever appeared in such a rig. I have been doing living pictures all season.—Indianapolis Journal.

Poisoned in Distillery.

Floods in Spain.

NEW YORK, Nov. 12.—Three hundred cloakmakers in Freedman Brothers’ shops, went out on a strike yesterday by order of the Brotherhood of Cloakmakers. Wednesday 1,500 operatives in the outside shops supplying Freedman Brothers went on a strike.

Chariari Fatal.

SHELBYVILLE, Ind., Nov. 12.—Last night Stephen Calvin, while attempting to disperse a crowd of boys who had gathered at his house to serenade his newly-married sister, was struck on the temple with a stone and fatally injured. There has been no arrest.
